

Southwest Virginia Community College now offers SWCC Alert to our students, faculty, and staff. SWCC Alert allows designated persons to make an emergency or information notification to everyone registered for this service in times of crisis situations or other items of interest such as school closings or delays.

You can register email accounts, BlackBerrys, cell phones that receive text messages and pagers. The service is provided free by Southwest Virginia Community College; you should note though, **your wireless carrier may charge fees for text messaging for which you are responsible.**

To register for SWCC Alert go to alert.sw.edu (do not put www in front of it) and click the Click Here to Register button located on the center of the page.

In case of emergencies on campus you can go to <http://www.sw.edu/emergency/> for information and updates about the situation.

Groups are collections of users that will receive specific messages about a topic. For example, Fire Department will receive alerts about a fire or emergency, or a resident will receive alerts about severe weather or traffic. You may sign up for the groups listed below. You may also be placed into groups by the groups manager(s) (managed group). If you are in a managed group to which you do not belong, get in touch with the groups manager(s), or contact the system administrator. All current group memberships can be viewed on your Home page. A more detailed view is available by clicking here.
