LibGuides (Subject Research Guides) -

LibGuides are librarian created, subject-specific guides to high-quality research information.

You can access the LibGuides from the “Library Guides” link on the SWCC Library web page (www.sw.edu/library), or they can be accessed from http://sw.vccs.libguides.com.

“FOR FACULTY – Special SWCC Library Services” is a newly created LibGuide that contains information on services and resources that are available to you and your students. Content areas include the Library Webpage, eResources, Remote Access, Library Instruction, Reserve Collections, Collection Development, Virtual Reference Service, Online Practice Tests, Faculty Reading Room, Library Handbook for Students, OER, and more!

The direct URL to the “FOR FACULTY” LibGuide is http://sw.vccs.libguides.com/faculty.

Other customized LibGuides focus on the areas of American Literature, Biography, Controversial Issues, Education, Engineering & Technology, History, Nursing, Occupational Therapy, Psychology, Science, and Sociology.

We make research a little easier by repackaging resources from the SWCC Library webpage and putting them into a “nice little basket,” so you don’t need to search EVERYWHERE for resources.

Let us know if you’d like a LibGuide created for your academic discipline. Please give plenty of notice, so we can skillfully craft your finished product! 8/2015
