Executive Summary

The year 2023-2024 was a successful one for Southwest Virginia Community College. SWCC saw increases in enrollment, high graduation rates and good retention rates. Hyflex was expanded to meet the needs of students who wanted both in person and online options. More hyflex classrooms were added in response to faculty and student demand.

ADMISSIONS—Fall Semester application yield increased to 55.34%, a 21.92% difference over the prior fall. The data for Spring Semester also indicated a 16.97% increase. SWCC still has not met the 60% applied and enrolled benchmark, however, Fall 23 and Spring 24 numbers are promising and indicate movement in a positive direction. The VCCS and SWCC are still dealing with bogus applications and registrations in fraudulent attempts to receive financial aid, but the numbers seem to indicate the new authentication process at the system office is functioning better than the method used in 2022-23.

ENROLLMENT—Full Time Equivalent-- Overall FTE was up in summer, fall, and spring semesters. Term FTE increased by 11.7% in summer, 6.9% in fall, and 11.8% in the spring. Annual FTE increased by 9.6%. For summer (7.21 credits), fall (11.41 Credits), and spring (10.94 credits) semesters SWCC was first in the VCCS in 23-24 for highest average number of credit hours taken by students.

ENROLLMENT— Headcount increased in all three semesters, with a minimum increase of 5.78% in fall and the maximum increase of 11.6% in summer. Spring was not far behind with an increase in headcount of 10.52%. Enrollment patterns continued to be consistent—more women than men; most students less than 24 years old, and more majority than minority.

ENROLLMENT-Academic Year—Headcount increased by 8.7% and FTE increased by 9.6%.

FIRST GENERATION COLLEGE-- The percentage of first-generation college students increased in the summer (by 13.29%), fall (by 17.39%), the spring (by 18.74%) and annually (by 13.21%). SWCC had the second highest percentage of first-generation students in the VCCS. As defined by the VCCS, *First Generation Students are those with both parents who had no postsecondary education*. It should be noted that the VCCS has improved the system for counting FGC students, which could account for some of the increase.

DUAL ENROLLMENT—Dual enrollment headcount increased in both fall and spring. The program accounted for 23% of the annual headcount and 16% of the annual FTEs. These percentages have not significantly increased over the prior year.

REGISTRATION— Average grades for fall were lower than those for spring as is typical. Drop counts were higher in 2023-24 but that could be attributed to a change in source. There were 50 fewer course withdrawals than in the prior year. Students completed 84.4% of overall credits attempted.

TEN MOST POPULAR PROGRAMS— Education, Licensed Practical Nursing, Psychology, and Business Administration fell from the top ten plan list in 2023-24. These were replaced by the Medical Coding Certificate, Mental Health AAS, Information Systems Technology AAS, and Business Management AAS. The programs with the highest growth in the top ten were Information Systems Technology, Mental Health, Business Management and Medical Coding. Still in the top ten but with a negative change in enrollment are Science Pre-Medical, Emergency Medical Services Technology, and Nursing.

STUDENTS BY ACADEMIC PLAN— The program with the highest percentage of fulltime students was Liberal Arts with 77% fulltime students. Nine plans with HC>10 were 90% or greater female (OTA AAS, Substance Abuse AAS, Phlebotomy CSC, Medical Coding Cert, Early Childhood Development AAS, Early Childhood Education CSC, Pharmacy Tech CSC, Early Childhood Infant and Toddler CSC, Human Service Cert). Five plans with HC>10 were 90% or greater male (Welding Diploma, HVAC Cert, Electrical CSC, Electrical/Electronics AAS, welding CSC). Eight programs with HC >10 had minority enrollments 20% or greater minority students (Electrical CSC, General Studies AS, Engineering AS, Cybersecurity CSC, Business Administration AS, Science AS, Personal Satisfaction, Transient).

FINANCIAL AID— The amount of aid disbursed from all sources was \$10,577,217.87. This is a \$1,959,773.76 increase over 2022-23. Of the students enrolled in financial aid eligible programs, 78% received some type of financial aid through grants, private loans or scholarships. The overall average award increased by \$567.00 over the prior year, while county funded and private loan average awards decreased.

CLASS UTILIZATION— Class utilization increased by 5.18% in Fall 2023. HyFlex sections increased by 1.61%; hybrid decreased by 3.91%; virtual decreased by 2.98%. The number of in person sections remained the same at ~32%.

RETENTION— This student success retention target is that SWCC will improve both Fall to Spring and Fall to Fall Retention rate by 2% each year. Though fall to spring retention rates are high, the rates fail to meet the target by only 0.18%. The data for fall to fall retention is incomplete due to ongoing registration for the 7W2 session, but tentatively could meet the threshold of a 2% increase (currently at 3.35% increase).

DEGREES-- 481 graduates received 654 awards in 2023-24. Sixty-nine more degrees were awarded this year. More females attained degrees than males (320;161). The service area county with the most graduates was Tazewell with 183 graduates receiving awards. Totals for other service area counties were as follows: Russell County-117; Buchanan County-92; Dickenson County-14. Twenty-three students from out of state received degrees also. Of those receiving degrees, 5% were minorities.

GRADUATION RATES-- Note: SWCC chose the IPEDS overall graduation rate as its student success indicator for SACSCOC in 2018. At that time the rate was 33%. The data above indicates 11% improvement over that baseline. This upswing might be attributed to more intrusive advising or clearer graduation pathways set by our pathways project and the overall objectives of a Title III grant. The College also set the target for this

student success indicator at 3% improvement over the prior year. This target was not met for 2023-24. The prior year's rate was also 44%. Of the 44% of the cohort that finished within 150%, 61% were female, 39% were male and 3% were minorities.

DEVELOPMENTAL EDUCATION-- This is the fourth report for the new co-requisite developmental model. In Fall 2020, students were placed using direct placement methods and were co-enrolled in support courses in English (English Direct Enrollment-EDE) and Mathematics (Mathematics Direct Enrollment-MDE) when needed. In Fall of 2023 the number of students in developmental courses increased by 25 in EDE and by 10 in MDE. The success rate in both courses increased significantly (29% in EDE; 18% in MDE).

PARTICIPATION RATES-- SWCC has one of the highest participation rates in the VCCS. Dickenson County is split between SWCC and MECC with SWCC (13%) getting fewer of the county students due to proximity. SWCC is the first choice for most students in Buchanan (70%), Russell (60%) and Tazewell (62%) Counties. Overall, of the 2,811 students attending college in the fall of 2023, 63% chose to attend SWCC. This rate was the same in 2022.

SUCCESS AND PLACEMENT RATES FOR PROGRAMS REQUIRING LICENSURE—SWCC has six programs that require board passage and licensure prior to employment in field. Data is updated based on graduation and test dates. At this time only Registered Nursing had complete data with 95% passing boards and receiving licensure.

WORKFORCE CREDENTIALS-- The success target for this student achievement indicator is to identify other recognized workforce credentials and track those awards, increasing the number of awards each year by 3%. In 2023-2024 that number earned increased by 12.82% (1,022 in 22-23;1,153 in 23-24).

TRANSFER— One hundred twelve students transferred to four year institutions in 2022-23. Of those transfers, 83 attended public institutions and 35 attended private institutions. This data does not give a complete picture of transfers from Southwest for several reasons. First, out of state schools are not reported and due to the proximity of several out of state institutions the number of actual transfers is under-reported. Also, Southwest has transfer agreements with Lincoln Memorial University and East Tennessee State University in Tennessee, the University of Pikeville and Lindsay Wilson College in Kentucky, and the Appalachian School of Pharmacy in Virginia. None of these transfers are reported by SCHEV.

GRADE DISTRIBUTION— Seventeen percent of grades in the period studied were D, F or W. In 2022-23 the number was than 15%. Subject areas with a DFWU rate of 30% or greater are AGR, RPK, PHI, MDE, EDE, MDL, BIO, ACC, and EDU (number of grades greater than 10). Individual courses with a DFWU rate of 30% or greater are highlighted in pink on the [Annualized Grade Distribution by Subject and Course 2023-2024](#) chart.

GPA and CREDITS PER PLAN— Annual average term gpa is 2.94; average cumulative gpa is 3.03. Students took an average of 7.65 credits per term and the average number of cumulative credits was 30.

POST GRADUATION WAGES— Post graduation wages have increased over the reported period. Within 18 months of graduation the median income for 2020-21 graduates increased by \$2,320. For those who graduated in 2001-02 that median income increase was \$6,619. Wages in 2022 for 2020-21 Grads ranged from a low of \$11,392 at the 10th Percentile to a high of \$66,919 at the 90th Percentile. That number increases significantly as graduates stay in the workforce. For example, 2001-02 graduates earned \$24,924 at the 10th Percentile and \$116,209 at the 90th Percentile. Eighty percent of reported wages for all groups fall within the 10th and 90th percentiles.

ADMISSIONS

FALL	Application Count	Enrolled Count	% Applied Enrolled
Fall 2020	771	305	39.35%
Fall 2021	783	377	48.14%
Fall 2022	2247	751	33.42%
Fall 2023	1207	668	55.34%

SPRING	Application Count	Enrolled Count	% Applied Enrolled
Spring 2021	508	207	40.75%
Spring 2022	401	131	32.67%
Spring 2023	1302	342	26.27%
Spring 2024	717	310	43.24%

Source: Peoplesoft Query PV282_ENROLL_NOTENRL_PLAN

Prepared by IR

NOTES:

The benchmarks for this student success indicator are as follows: 1) SWCC will increase its Fall application rate by 5% each fall. 2) SWCC will increase the number of students who enroll after application to 60%. Fall Semester application yield increased to 55.34%, a 21.92% difference over the prior fall. The data for Spring Semester also indicates a 16.97% increase. SWCC still has not met the 60% applied and enrolled benchmark, however, Fall 23 and Spring 24 numbers are promising and indicate movement in a positive direction. The VCCS and SWCC are still plagued with bogus applications and registrations in fraudulent attempts to receive financial aid but the numbers seem to indicate that fraudulent applications are being identified and deleted with more frequency than the prior year.

Two or More	25	57	58
White	888	2,062	2,022
Source: VCCS SEB Summer, Fall, Spring 2B	Prepared by SWCC IR		

Notes: The student population of SWCC is overwhelmingly white. Though when all ethnicities are compared to the population of the service district, minorities are usually at the same percentage or above. With new diversity and equity initiatives at both the state and institutional level, minority student numbers have increased. All minority group enrollment increased by between 13-30% with the exception of American Indian/Alaska Native which decreased by 38%. The increases are a testament to the equity afforded to all students at SWCC.

Note: The percentage of first-generation college students increased in the summer (by 13.29%), fall (by 17.39%), the spring (by 18.74%) and annually (by 13.21%). SWCC had the second highest percentage of first-generation students in the VCCS. As defined by the VCCS, *First Generation Students are those with both parents who had no postsecondary education.*

Notes: The majority of students who participate in dual enrollment are juniors and seniors in high school which accounts for the large numbers in the 16 and 17 age bands. Those who are younger than the typical high school junior require recommendation from the high school and special permission from SWCC's President to participate in the dual enrollment program.

Notes: The majority of students who participate in dual enrollment are juniors and seniors in high school which accounts for the large numbers in the 16 and 17 age bands. There are usually more students in the 18-20 band in the spring due to birthdays during the fall semester. Those who are younger than the typical junior require recommendation from the high school and special permission from SWCC's President to participate in the dual enrollment program.

JT_STUDENT_ENROLLMENT - Credits enroll and credits not passed; GC_R030 - Students in repeated courses; JT_SR_DROPS_SEMESTER, VH_IR_ENR_STDNTS_W_GPA_UNITS; BR_W_GRADE_CK

Notes: Average grades for fall were lower than those for spring as is typical. Drop counts were higher in 2023-24 but that could be attributed to a change in source. There were 50 fewer course withdrawals than in the prior year. Students completed 84.4% of overall credits attempted.

TEN MOST POPULAR PROGRAMS

	Officially Enrolled Count	PY Officially Enrolled Count	% Change in Official Enrollment from PY
Health Science Tech Certificate	357	325	9.85%

Medical Coding CSC	54	46	17.39%

Source: 2023-2024 Annual Student Enrollment Booklet Report 19E1

Prepared by IR

Notes: Education, Licensed Practical Nursing, Psychology, and Business Administration fell from the top ten plan list in 2023-24. These were replaced by the Medical Coding Certificate, Mental Health AAS, Information Systems Technology AAS, and Business Management AAS. The programs with the highest growth in the top ten were Information Systems Technology, Mental Health, Business Management and Medical Coding. Still in the top ten but with a negative change in enrollment are Science Pre-Medical, Emergency Medical Services Technology, and Nursing.

Source: VCCS Annual Enrollment Tables 19A-1;19E-1

Notes: The program with the highest percentage of fulltime students was Liberal Arts with 77% fulltime students. Nine plans with HC>10 were 90% or greater female (OTA AAS, Substance Abuse AAS, Phlebotomy CSC, Medical Coding Cert, Early Childhood Development AAS, Early Childhood Education CSC, Pharmacy Tech CSC, Early Childhood Infant and Toddler CSC, Human Service Cert). Five plans with HC>10 were 90% or greater male (Welding Diploma, HVAC Cert, Electrical CSC, Electrical/Electronics AAS, welding CSC). Eight programs with HC >10 had minority enrollments 20% or greater minority students (Electrical CSC, General Studies AS, Engineering AS, Cybersecurity CSC, Business Administration AS, Science AS, Personal Satisfaction, Transient).

FINANCIAL AID

2023-2024 FA Source, Students and Aggregate Amounts

Funding Source	Total Award	Average Award	Unduplicated Student Count	Non-Dual Student Count	% Receiving Some Type of Aid
Federal	\$ 6,446,831.36	\$4,527.27	1,424	2,466	57.75%
State	\$ 2,802,930.36	\$2,102.72	1,333	2,466	54.06%
County	\$ 406,826.32	\$3,911.79	104	2,466	4.22%
Local Scholarships	\$ 758,229.83	\$1,867.56	406	2,466	16.46%
Private Loans	\$162,400.00	\$8,120.00	20	2,466	0.81%
Total	\$ 10,577,217.87	\$5,503.24	1,922	2,466	77.94%

Source: Peoplesoft VW_Students_Aid_Disbursed

Notes: The amount of aid disbursed from all sources was \$10,577,217.87. This is a \$1,959,773.76 increase over 2022-23. Of the students enrolled in financial aid eligible programs, 78% received some type of financial aid through grants, private loans or scholarships. The overall average award increased by \$567.00 over the prior year, while county funded and private loan average awards decreased.

CLASS UTILIZATION

Fall Class Utilization—5 Year Trend

	2023 Fall	2022 Fall	2021 Fall	2020 Fall	2019 Fall
Course Utilization %	59.30%	54.12%	59.72%	58.17%	47.34%
Section Count	621	518	579	615	860

2012 Fall	66.00%	35.43%

Source: Retention Report VCCS/Peoplesoft

Notes: This student success retention target is that SWCC will improve both Fall to Spring and Fall to Fall Retention rate by 2% each year. Though fall to spring retention rates are high, the rates fail to meet the target by only 0.18%. The data for fall to fall retention is incomplete due to ongoing registration for the 7W2 session, but tentatively could meet the threshold of a 2% increase (currently at 3.35% increase).

DEGREES

Source: VCCS Graduation Report 10A; 09D; 14-4

Notes: 481 graduates received 654 awards in 2023-24. Sixty-nine more degrees were awarded this year. More females attained degrees than males (320;161). The service area county with the most graduates was Tazewell with 183 graduates receiving awards. Totals for other service area counties were as follows: Russell County-117; Buchanan County-92; Dickenson County-14. Twenty-three students from out of state received degrees also.

Graduation Rate

Overall Graduation Rate	
Graduation Rate (%)	44%
Total number of students in the Adjusted Cohort	370
Total number of completers within 150% of normal time	162

Overall Transfer-out Rate	
Transfer-out Rate (%)	10%
Total number of students in the Adjusted Cohort	370
Total number of transfers-out within 150% of normal time	36

Source: IPEDS Winter Collection 2023-24

Note: SWCC chose the IPEDS overall graduation rate as its student success indicator for SACSCOC in 2018. At that time the rate was 33%. The data above indicates 11% improvement over that baseline. This upswing might be attributed to more intrusive advising or clearer graduation pathways set by our pathways project and the overall objectives of a Title III grant. The College also set the target for this student success indicator at 3% improvement over the prior year. This target was not met for 2023-24. The prior year's rate was also 44%. Of the 44% of the cohort that finished within 150%, 61% were female, 39% were male and 3% were minorities.

Source: VWIR_Developmental_Classes; GC-R030; JT_SR_DROPS_SEMESTER; VX_STUDENT_WITHDRAWN

Note: This is the fourth report for the new co-requisite developmental model. In Fall 2020, students were placed using direct placement methods and were co-enrolled in support courses in English (English Direct Enrollment-EDE) and Mathematics (Mathematics Direct Enrollment-MDE) when needed. In Fall of 2023 the number of students in developmental courses increased by 25 in EDE and by 10 in MDE. The success rate in both courses increased significantly (29% in EDE; 18% in MDE).

PARTICIPATION RATES

County	Enrolled at SWCC	Total All Colleges	% Enrolled at SWCC
Buchanan County	421	599	70%
Dickenson County	50	384	13%
Russell County	495	826	60%
Tazewell County	860	1,386	62%
TOTAL All Service District	1826	3195	57%
TOTAL Without Dickenson	1776	2811	63%

Note: SWCC has one of the highest participation rates in the VCCS. Dickenson County is split between SWCC and MECC with SWCC (13%) getting fewer of the county students due to proximity. SWCC is the first choice for most students in Buchanan (70%), Russell (60%) and Tazewell (62%) Counties. Overall, of the 2,811 students attending college in the fall of 2023, 63% chose to attend SWCC.

Credential Count by Month

Source: Jeremy Lee, Credentialing Specialist

Note: The success target for this student achievement indicator is to identify other recognized workforce credentials and track those awards, increasing the number of awards each year by 3%. In 2023-2024 that number earned increased by 12.82% (1,022 in 22-23;1,153 in 23-24).

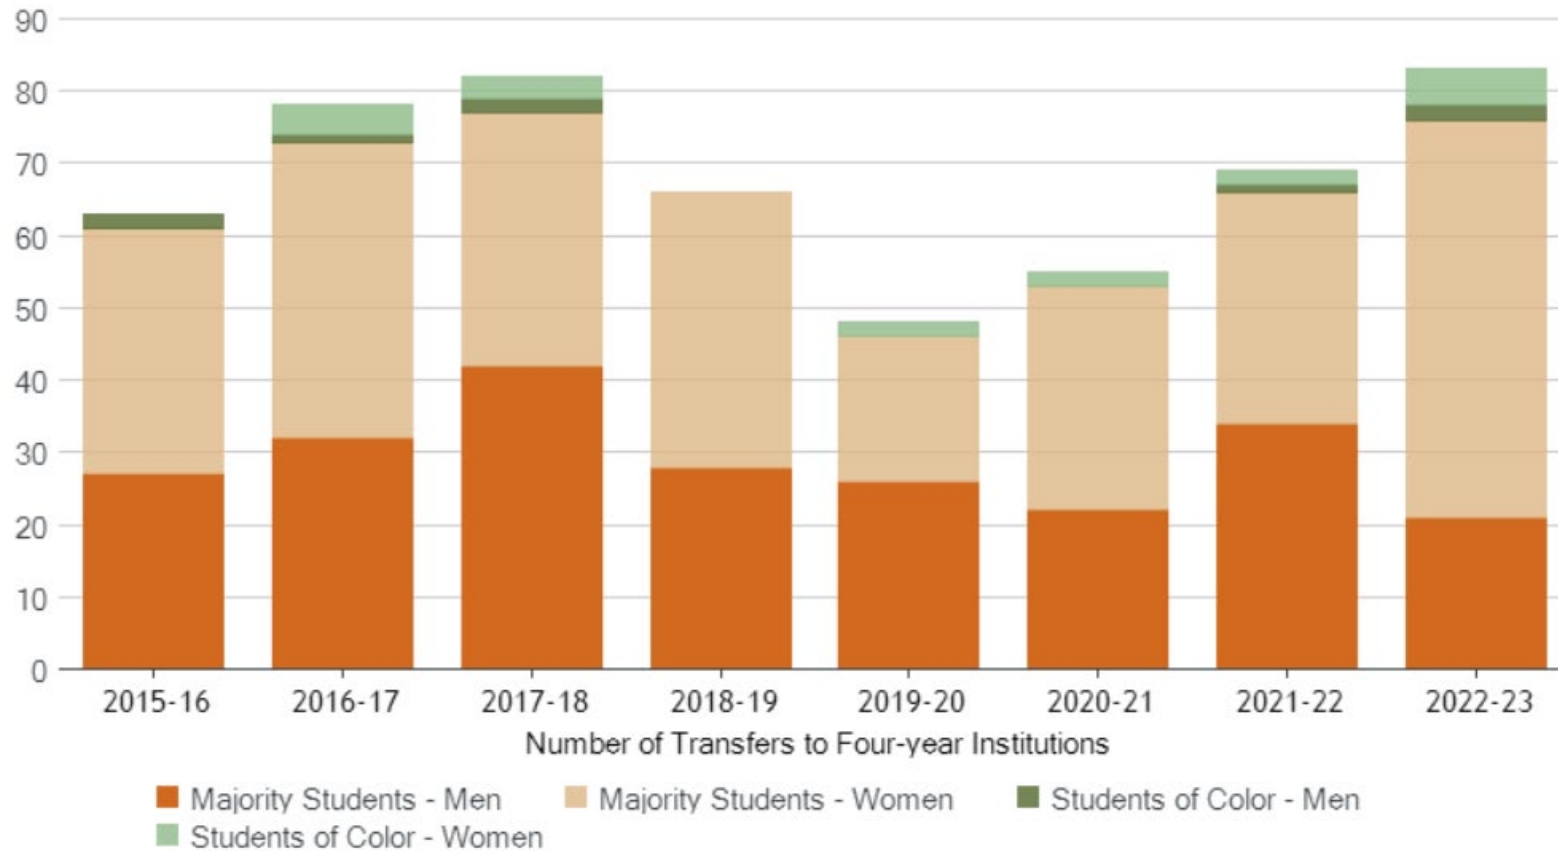

Student Transfers

Notes: One hundred twelve students transferred to four year institutions in 2022-23. Of those transfers, 83 attended public institutions and 35 attended private institutions. This data does not give a complete picture of transfers from Southwest for several reasons. First, out of state schools are not reported and due to the proximity of several out of state institutions the number of actual transfers is under-reported. Also, Southwest has transfer agreements with Lincoln Memorial University and East Tennessee State University in Tennessee, the University of Pikeville and Lindsay Wilson College in Kentucky, and the Appalachian School of Pharmacy in Virginia. None of these transfers are reported by SCHEV.

Notes: Seventeen percent of grades in the period studied were D, F or W. In 2022-23 the number was than 15%. Subject areas with a DFWU rate of 30% or greater are AGR, RPK, PHI, MDE, EDE, MDL, BIO, ACC, and EDU (number of grades greater than 10). Individual courses with a DFWU rate of 30% or greater are highlighted in pink on the *Annualized Grade Distribution by Subject and Course 2023-2024* chart.

Notes: Annual average term gpa is 2.94; average cumulative gpa is 3.03. Students took an average of 7.65 credits per term and the average number of cumulative credits was 30.

Post Graduation Wages

Southwest Virginia Community College, Associate's Degree (Occupational/Technical Credit)		
Earnings in 2022	Median Wage	Percentage of Graduates w/ Reported Wage
20 Years (2001-02 graduates)	\$55,362	48%
15 Years (2006-07 graduates)	\$63,423	53%
10 Years (2011-12 graduates)	\$66,821	57%
8 Years (2013-14 graduates)	\$60,981	60%
5 Years (2016-17 graduates)	\$43,932	52%
3 Years (2018-19 graduates)	\$49,283	72%
18 Months (2020-21 graduates)	\$41,477	65%

Only years/programs meeting disclosure rules will be displayed to protect individual confidentiality.

Wages in 2022					
Years Post-Completion	10th Percentile	25th Percentile	Median	75th Percentile	90th Percentile
80% of graduates with full-time wages fall within this range					
20 Years (2001-02 graduates)	\$24,924	\$40,775	\$55,362	\$78,389	\$116,209
15 Years (2006-07 graduates)	\$21,768	\$37,849	\$63,423	\$69,177	\$88,900
10 Years (2011-12 graduates)	\$18,966	\$41,601	\$66,821	\$72,300	\$95,238
8 Years (2013-14 graduates)	\$21,316	\$36,830	\$60,981	\$73,698	\$99,866
5 Years (2016-17 graduates)	\$28,484	\$35,271	\$43,932	\$55,935	\$74,232
3 Years (2018-19 graduates)	\$16,309	\$33,792	\$49,283	\$66,814	\$84,150
18 Months (2020-21 graduates)	\$11,392	\$22,603	\$41,477	\$56,887	\$66,919

As reminder, the median value represents the very middle value of the sample of values (wage or debt) sorted from low to high. This value is found in the middle line of the barcharts.

The remaining values in the chart are constructed similarly, to display how wages and earnings are distributed. Thus, while the median tells us the middle wage, the values for the 25th and 75th percentiles tell us that half of the graduates with wages fall between those two values. Likewise, 80% of reported wages fall between the 10th and 90th percentiles. The length of each bar section due to the dispersion in the data - that is, how much earnings can vary within a group of individuals.

Source: SCHEV Research iReports

Notes: Post graduation wages have increased over the reported period. Within 18 months of graduation the median income for 2020-21 graduates increased by \$2,320. For those who graduated in 2001-02 that median income increase was \$6,619. Wages in 2022 for 2020-21 Grads ranged from a low of \$11,392 at the 10th Percentile to a high of \$66,919 at the 90th Percentile. That number increases significantly as graduates stay in the workforce. For example, 2001-02 graduates earned \$24,924 at the 10th Percentile and \$116,209 at the 90th Percentile. Eighty percent of reported wages for all groups fall within the 10th and 90th percentiles.
